

STUDENT LEADERSHIP SERIES PROGRAM LAUNCH *

Thursday, February 15 | 09:30 AM - 01:30 PM

Over 2,000 high school students, representing eight states, attended the launch of our 2023 Student Leadership Series (SLS). The SLS consists of on-site visits to high schools throughout the nation featuring a nationally prominent motivational speaker, providing information on how to finance a postsecondary education or training, and accompanied by college recruiters where possible. The message is straightforward: understand the importance of education and focus, improve academic performance, apply for scholarships, graduate, enroll in postsecondary education or a training program, and prepare for success. Our goal is to reach at least 50,000 students per year.
